

Therapak Medical Courier Training

Accessing the training is as easy as “1, 2, 3”:

1. Visit the training page at: <https://www.highqllc.com/customer.aspx>
You can click on this link directly or ‘Cut and Paste’ into your web browser.
2. Under ‘Returning Customer Login’, input “training@highqllc.com” for the Username and “current17” for the Password:

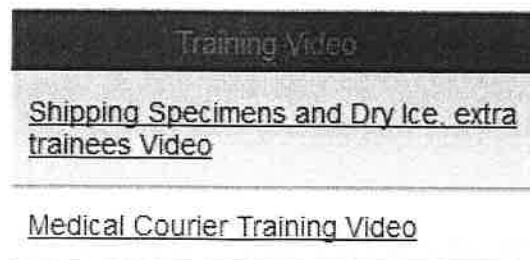

Returning Customer Login

Username:

Password:

Login

3. Click on the “Medical Courier Training Video” under the Training Video header:

Training Video

[Shipping Specimens and Dry Ice, extra trainees Video](#)

[Medical Courier Training Video](#)

The training video can be paused and replayed as needed. Upon completion of the training video, click the indicated link at the bottom of the page to access the Medical Courier quiz.

Once all questions have been answered, fill in the appropriate fields at the bottom of the page including your First Name, Last Name, Email, Company, Phone # and Country information. This is where we capture the name to be used on the certificate as well as the Email address to send the certificate. The Email address can be you, your manager or supervisor. A line at the bottom/center of the certificate is for the manager or supervisor to sign. This acknowledges completion of the training and that it is appropriate for your job function.

Sample Certificate

Congratulations! You and your employees now meet the D.O.T. requirements for Medical Couriers and are aware of the OSHA Blood Borne Pathogen requirements.
